

## About SenTech

SenTech was founded in 1990 and has since provided thousands of customers worldwide with an extensive line of high quality Electronic Article Surveillance (EAS) products. Our product line includes both Radio Frequency (RF) and Acousto-Magnetic (AM) technologies to protect assets and reduce retail theft.

SenTech is recognized worldwide as a premier manufacturer and distributor of EAS systems, detachers, deactivators, RF and AM tags, security labels and lockable DVD security cases. Our customers include retailers, pharmacies, libraries, video rental, security distributors, consumer product manufacturers, value-added resellers and government agencies. Our products are supported by an extensive global distribution network spanning the Americas, Europe and Asia/Pacific.

Our innovative designs and manufacturing techniques produce high quality products utilizing advanced technologies that are easy to install and maintain providing our customers a consistent high-level of performance and years of reliable service. All of our products are compatible with other major brands of EAS equipment and many are also available in plug-and-play platforms allowing easy installation by end users or through our nationwide network of professional technicians and international distributors.

### Corporate Headquarters

In 2005, SenTech acquired a new facility for our global headquarters located in Pompano Beach, Florida (Miami / Fort Lauderdale area). This modern facility allowed us to increase our efficiency and consolidate our domestic manufacturing operations, warehousing and shipping, further advancing SenTech's industry leading

capabilities. Our award-winning staff of dedicated employees continuously strive to meet the needs of our customers. We are known for our innovative product designs that are engineered to be cost effective and user friendly as well as provide a superior means of product security.

## SD5800-TX

The SenTech 58 kHz Acousto-Magnetic Transceiver will protect openings up to 6 feet (1.83cm) using standard AM tags and Labels. Additional receivers and or transceivers may be added to expand coverage. It's fully programable utilizing advanced circuitry and software. Standard features include internal audio and bi-directional

## SD5800-RV

PED, RECEIVER, 58 KHZ ACRYLIC

The SenTech 58 kHz Acousto-Magnetic Receiver Antenna is used in conjunction with a transceiver antenna expanding the detection range of the system allowing it to cover wider openings. It is fully programable utilizing advanced circuitry and software. The features include bi-directional people counter with analytical data output, remote

## SD5801-TX

PED, TRANSCIEVER, 58 KHZ CLASSIC

The SenTech 58 kHz Acousto-Magnetic Transceiver will protect openings up to 6 feet (1.83cm) using standard AM tags and Labels. Additional receivers and or transceivers may added to expand coverage. It's fully programable utilizing advanced circuitry and software. Standard features include internal audio and alarm lamp, analytical

## SD5801-RV

PED, RECEIVER, 58 KHZ AM, G1 CLASSIC

The SenTech 58 kHz Acousto-Magnetic Receiver Antenna is used in conjunction with a Classic transceiver antenna expanding the detection range of the system allowing it to cover wider openings. It is fully programable utilizing advanced circuitry and software. Standard features include internal audio and alarm lamp, analytical data output, remote

## SD5802-TX

PED, TRANSCIEVER, 58 KHZ AM, G1 WIDE EXIT

The SenTech 58 kHz Acousto-Magnetic G1 Wide Exit Transceiver will protect openings up to 8 feet (1.22m) using standard AM tags and Labels. Additional receivers and or transceivers may added to expand coverage up to 8 feet (2.44m) between pedestals. It's fully programable utilizing advanced circuitry and software. Standard features include

## SD5802-RV

PED, RECEIVER, 58 KHZ AM, G1 WIDE EXIT

The SenTech 58 kHz Acousto-Magnetic G1 Wide Exit Receiver Antenna is used in conjunction with a transceiver antenna expanding the detection range of the system allowing it to cover wider openings up to 8 feet (2.44m). It is fully programable utilizing advanced circuitry and software. Standard features include internal audio and alarm lamp, bi-directional

## SD5800-F

FERRITE RECEIVER ANTENNA MODULE, 58

SenTech 58 kHz Acousto-Magnetic Ferrite Receiver Antennas are used to expand the detection range of SenTech's AM systems. The antennas are a set of two wall or frame mounted modules that are used in conjunction with a transceiver antenna to expand the detection range of the system allowing it to cover wider openings.

## SD5800

POWER SUPPLY, 58 KHZ ACOUSTO-MAGNETIC

The SenTech AM Power Supply is used in SenTech G1 58 kHz Acousto-Magnetic systems. 120 VAC, 60 Hz. IEC320 input and RJ45 outputs.

## STC911

ALARM, MESSAGE / TONE ALARM

SenTech's digitally synthesized alarm unit provides both voice and tone alarms. The standard alarm has four programmable messages or alarm tones. The sound level is adjustable from a soft low level to a high level capable of easily overcoming loud background noise or music. The alarm unit may also be custom programmed with any voice

## STC911-RC

ALARM, MESSAGE / TONE ALARM

Remote control for SenTech's digitally synthesized alarm unit. Allows remote control of the alarm unit from up to 15 feet away.

- selection message or tone playback
- Audio "On" or "Off"
- Reset digital counter

## SD580

DEACTIVATOR, 58 KHZ AM, 120 VAC

The SenTech Acousto-Magnetic Deactivator is compatible with all 58 KHz AM labels and systems. Compact design allows recessed or desktop installation. Deactivation height up to 4 inches (10cm). Internal audio and visible alarm/deactivation indicators. Detects deactivates and confirms deactivation. Tuneable via laptop.

## STC670

DEACTIVATOR PAD, MAGNETIC 4" X 6"

Permanently deactivates upon contact all deactivatable Acousto-Magnetic (AM) labels. Includes a printed warning against placing credit cards on deactivator surface and adhesive backing for easy installation.

2843 Centerport Circle, Pompano Beach, Florida 33064 USA

**STC1100-2**

TAG, ULTRATAG® II, FERRITE

SenTech UltraTag® is compatible with all Acousto-Magnetic systems and may be removed with standard Sensormatic Hand Detachers or Power Detachers, as well as the SenTech STC540 Hand Detacher.

**STC1109**

ULTRALANYARD, 9 INCH, 58 KHZ, ONE PIECE

SenTech's UltraLanyard is a "one piece" tag lanyard combination that saves time during application and removal. It's compatible with all Acousto-Magnetic systems and may be removed with standard hand or power detachers. Its innovative design incorporates a high security black plastic lanyard that allows adjustable diameter from

**STC1110-AM**

ULTRAGRIP, 58 KHZ AM, ONE PIECE LANYARD

The UltraGrip is a "one piece" tag with a 5.90" (150 MM) lanyard combination that saves time during application and removal. It's compatible with all Acousto-Magnetic systems and may be removed with standard magnetic detachers. Its innovative design incorporates a high security plastic covered metal lanyard that allows adjustable diameter. It

**STC1100-4**

TAG, BLACK, WITH 3" LANYARD ACOUSTO-

This lanyard tag is a "one piece" tag lanyard combination that saves time during application and removal. It's compatible with all 58 kHz AM systems and may be removed with standard magnetic detachers. It may be attached to items that have handles such as tools, sporting goods, luggage, handbags, sunglasses etc.

**STC1100-3**

TAG, ULTRATAG III, MINI 58 KHZ, LIGHT GRAY 3

SenTech UltraTag® III is extremely light weight and is compatible with all Acousto-Magnetic systems. Utilizes a high security 3 ball magnetic clutch lock. May be removed by SenTech or any standard magnetic detachers.

Super-Lock version also available.

**STC830-AM**

*New Item*

The SenTech blister pack tag is a unique dual lock tag used to protect blister pack items from shoplifters. It is attached over area of the peg hanger hole by piercing the package with dual locking pins. It provides excellent

**STINGER-AM**

The SenTech Stinger™ is a unique Drop-In tag used to protect merchandise from shoplifters. It may be simply dropped into a battery compartment or other similar location within a product. The tag is 1.4"X.4"

**ZL300-GNP**

TAG,AM, SUPERTAG II GREY

Acousto-Magnetic SuperTag used with any Acousto-Magnetic Systems. May be attached to merchandise with a SuperTag tack, wire lanyards or Versa-Lanyards. May be removed only by using Sensormatic® SuperTag power detachers, or with the manual SuperTag Hand Detacher. Refurbished.

**ZL303-GNP**

TAG, AM, SUPERTAG III GREY

Acousto-Magnetic SuperTag used with any Acousto-Magnetic Systems. May be attached to merchandise with a SuperTag tack, wire lanyards or Versa-Lanyards. May be removed only by using Sensormatic® SuperTag power detachers, or with the manual SuperTag Hand Detacher.

**STC2013**

TAG, BLACK, UNIVERSAL EYEGLASS, NO COIL

Tag utilizes a magnetic style clutch lock for use on eyeglasses, small jewelry, designer key rings, belts, and handbags. Excellent as a benefit denial tag, with no no active tag coil. Use with any Flat Head tack. Tack can be removed with any standard magnetic detacher.

**TURTLE-AM**

TURTLE, AM SUPERLOCK, 2 ALARM

*New Item*

The Turtle is the quickest and most versatile way to secure merchandise. It uses two built in sensors, an optical sensor and mechanical switch ensuring the highest security. May be attached using standard packing straps commonly used in retail stores or special removable double sided tape. This special tape has high strength and removes

**T-SWITCH**

TURTLE SENSOR SWITCH WITH COILED CORD

## T-TAPE

TURTLE, REMOVABLE ADHESIVE TAPE

**New Item**

## ZLDRS1

LABEL, ULTRAMAX, PLAIN, 58 KHZ. # ZLDRS1

Sensormatic's 58 KHz Ultra-Max® Ultra-Strip® adhesive EAS labels are deactivatable offered in plain white, barcode, black. They may be used with any Acousto-Magnetic system and deactivators.

## ZLDRS2

LABEL, ULTRASTRIP DR, BC, 58 KHZ. # ZLDRS2

Sensormatic's Ultra-Max® Ultra-Strip® adhesive EAS labels are deactivatable offered in plain white, barcode, black. They may be used with any Acousto-Magnetic system and deactivators.

## ZLDRS5

LABEL, ULTRASTRIP DR, BLK, 58 KHZ. #

Sensormatic's Ultra-Max® Ultra-Strip® adhesive EAS labels are deactivatable offered in plain white, barcode, black. They may be used with any Acousto-Magnetic system and deactivators.

## STC5810

LABEL, 58 KHZ, AM, WHITE, NON-DEAC.,

**New Item**

SenTech's 58 KHz adhesive EAS labels are permanent non-deactivatable available in plain white. They may be used with any 58 KHz acousto-magnetic system. They are designed for permanent use in retail and industrial applications.

## STC3021

TACK, FLEX-TACK, 1-1/4 INCH STEEL WITH

FlexTack is a high security 1 1/4 inch flexible steel tack, used to attach ball clutch type plastic hard tags to shoes or other items that have small eyelet holes. FlexTack has a 1/2 inch diameter steel head crimped on a flexible steel cable. Compatible with all ball clutch type hard tags from any manufacturer.

## STC3021-01

TACK, FLEX-TACK, 1 INCH STEEL WITH ROUND

FlexTack is a high security 1 inch flexible steel tack, used to attach ball clutch type plastic hard tags to shoes or other items that have small eyelet holes. FlexTack has a 1/2 inch diameter steel head crimped on a flexible steel cable. Compatible with all ball clutch type hard tags from any manufacturer.

## STC3022

LANYARD, 6" BLACK 1/2" LOOP WITH

High security 6" PVC coated galvanized steel lanyard, used to attach any plastic hard tag to items that have handles or are irregular shaped such as luggage, handbags, sporting goods, etc.

Hardened stainless steel groove pin attached to one end allows quick application to merchandise.

## STC3018

LANYARD, 6" WHITE

High security 6" PVC coated galvanized steel lanyard, used to attach any plastic hard tag to items that have handles or are irregular shaped such as luggage, handbags, sporting goods, etc.

\* Also available in 8 and 9 inch length.

## STC3018-01

LANYARD, 8" WHITE

High security 8" PVC coated galvanized steel lanyard, used to attach any plastic hard tag to items that have handles or are irregular shaped such as luggage, handbags, sporting goods, etc.

\* Also available in 6 and 9 inch length.

## STC3020

VERSA LANYARD, 6" FLAT PLASTIC ADJ.

High security black plastic lanyard, adjustable length from dia 1/8" to 1.75" used to attach any plastic hard tag to items that have handles or are irregular shaped such as luggage, handbags, sporting goods, tools, etc.

The Bottle Tag high strength poly carbonate plastic and works with any 58 khz. acousto-magnetic system. It is attached in a twisting motion and locks with high security magnetic lock and PVC coated steel cables. It is used to secure wine and liquor bottles and is removed by standard magnetic detachers.

## STC2011

TAG, OPTICAL SAFER VERSATILE GREY 58

The Optical Safer is compatible with all Sensormatic® 58 KHz Acousto-Magnetic EAS systems. Protects eye glasses by attaching to one arm. May only be removed by using an electric or manual shuttle detacher.

## STC517

DETACHER, MAGNETIC SUPERLOCK

The SenTech Super-Lock Magnetic detacher is used to open the any magnetic release RF or AM tags. Uses multiple extremely powerful rare earth magnets designed to release magnetic super-locks.

Detacher may be securely surface mounted with supplied hardware.

## STC511

DETACHER, MAGNETIC, HAND HELD, WITH

Hand held magnetic detacher designed to remove all industry standard tags and ink tag clutches. Made of high quality materials with black plastic hand grip, and 30" lanyard for securing to a sales counter. Dimensions 1.25" O.D. x 4" long.

## STC512

DETACHER, MAGNETIC, HAND HELD, WITH

Hand held Super Magnetic detacher is designed to remove all industry standard tags and ink tag clutches. The super strength magnet will remove any standard tag with a magnetic super lock or standard lock. Made of high quality materials with black plastic hand grip, and 30" lanyard for securing to a sales counter. Dimensions 1.25" O.D. x 4"

## STC319

DETACHER, MULTI-FUNCTION

**New Item**

Removes magnetic tags and keeper devices from most manufacturers. Includes lockable cover, two key, and mounting hardware.

## STC500

DETACHER, MAG. BLACK, NO SLIP RING

Low cost surface mounted magnetic detacher designed to remove all industry standard tags and ink tag clutches. Made of solid aluminum with black hard coat finish. Includes mounting hardware.

## STC523

DETACHER, MAGNETIC S3, WITH LANYARD

The Alpha S3 Detacher is a single key solution that opens all Alpha S3 products.

## STC506

DETACHER, BLACK, INK TAG

Surface mounted magnetic detacher designed to remove Sensormatic® InkTag III's, will also remove all industry standard tags and ink tag clutches. Made of solid aluminum with black hard coat finish.

## STC502

DETACHER, MAG. BLACK TABLE TOP

Table top magnetic detacher designed to remove all industry standard tags and ink tag clutches. Made of solid aluminum with black hard coat finish.

Optional lock available

2843 Centerport Circle, Pompano Beach, Florida 33064 USA
